**Bidding Open March 16th through Tuesday, March 22nd**

### Online Bidding Notes

This will be a timed online auction that begins closing with lot #1 at 6:00 p.m. on Tuesday, March 22, 2022 at a rate of 3 items per minute. Although we do not recommend waiting until the end to bid, items that receive a bid during the last 5 minutes will 'extend' the clock back out to 5 minutes. It will continue to extend until there is no bidding for a 5 minute period. Some similar items will be in a 'group feature' that ties them together to extend bidding on all items in the group during the last 5 minutes of bidding. This allows bidders to bid on the item they want, and if they get outbid, switch to a different item in the group that is still extending. We can place bids over the phone if you need assistance. Our office is open until the last item is sold on auction night!
